

A note from our photographer Darlene:

I have decided that for everyone that orders **2 or more packages**, for the **same student** that I will offer a bit of a price break.

First package, will remain at \$45 or \$55. If a second package is requested on a 2nd print # choice for that student, the price for package will be **50% off - \$22.50**, no class photo with the second package.

This still comes in cheaper than Package 3 @ \$75.00, which is the digital file package. This package allows you to print unlimited pictures and for someone that will want multiple prints and who loves all 3 of the print choices, this is your best option.

Families that have more than 1 child in the school and who order a package for each child can request extra prints in their packages, up to a max of 4 prints (4x6, 5x7 size only). Package cost remains the same, \$45 or \$55.

I will review the orders I have and adjust the prices & refund money if necessary.

If additions to orders are wanted, you must send me an email so I have clear instructions in print.

darhooge@gmail.com

All orders will be sent to the printer next **Wednesday, November 2**. Orders with full payment must be received by then or there will be an additional charge for late orders. Printed pictures, estimated delivery time is 14-16 days, so November 17/18. Your children will receive their packages at the school to bring home to you. The day before I drop them off I will have the school post on your school page.

Thank you
